Maintaining A Long-Established Position in Canadian Banking

When the Dominion of Canada was established in 1867, the Bank of Montreal, then already half a century old, had nearly a fourth of the total paid-up banking capital of Quebec and Ontario, and more than a fourth of the banking assets of those two provinces.

Today it has the same proportion of the capital and assets of the banking structure of the entire Dominion.

Today, as yesterday, it employs its resources and facili-ties for the upbuilding of the soundest elements of
