## The Developed Brain Must Be Ballasted by a Morally Developed Heart.

Selected according to Act of the Parliament of Canada in the year 1906.

despatch from Washington says:

Mr. Frank De Witt Talmage preached from the following text: Numbers vi, 24. "The Lord will bless thee."

Last week I received an invitation.

It came from one of the large colleges of the east. That invitation

expressed no because it was sent by

one of my old Sunday school scholars.

As I held the square card in my hand I seemed to be standing

again in the aisle of the old Second Presbyterian church in

Pittsburg. I could see this young man, then a little boy in

short trousers, sitting in the front

of his teacher. I could hear the

sweet young voices singing the old

songs we always loved to sing. As I

stood between the lines of the invitation I soliloquized: "How time

does slip away! My Sunday school

scholar is now a grown man. Willie's

name has been mentioned in the

papers. He is no longer a child. Graduating

from one of the greatest universities

of the world, he is about to

step forth to the world as a

fully equipped recruit. He is about

to take his position by my side in

the ranks. We must hereafter look

upon each other

Then as I still read that invitation

my study room changed again. I

seemed to be walking through the

long corridors of memory. It seemed

to me as though I had gone back

to the time when Willie was a

child, and I was a young man, and

caped, was marching with the

senior class to participate in the

scenes attending my own graduation.

The classroom that I once

seated by my side have all scattered.

Some are ministers, some

lawyers, some doctors, some

clergymen, some are in the

armies. They are living in the

north and the south, the east and

the west.

### SOME ARE DEAD

That graduation scene was a sad

time for many of us. College

affections are very strong. We young

men knew that we should never be

to each other the same again.

Then, as I sat in the audience

of my study with the hopes and anxieties

of my own graduation day

passing in review before me, I

thought to myself: "I wonder how

the young people whom I knew and

love who are graduating from

school or college this June month

would not like me to come and sit

poorly from choice. We are doing it

for you and Charles." Why, "Talmage,"

added my classmate, "I felt

no back when you were doing for

father and mother were doing for

me that I wept and sobbed like a

little child."

Again, I congratulate you, young

graduate, because, while your

intellect has been trained and

modeled by the expert minds of a college

faculty, your heart has been

spiritually influenced and helped during

all these years by the prayers and

the encouragement of godly parents.

In this respect the specialization of

talent it is absolutely necessary for

a young man to have

### A HIGHER EDUCATION.

The land is so filled with colleges

and high schools, and schools of

technology and schools of all sorts

that the young man who has no

education or a sadly defective one is

highly handicapped in the race of

life.

Now, young people, while the

university teachers have been

developing your brain, in your

Christian training, like your

father and mother and sisters

and loved ones, have been

developing your religious life. You

know that your religious life

is what is right and what is

wrong. On the day when a young man,

James Harper, a student of

the University of Michigan, placed

his hand upon his head and

said: "I am now about to go

into the great wide world to

earn my living. I am a Christian

and I am a member of the

University of Michigan. I am

about to go into the great wide

world to earn my living. I am

a Christian and I am a member

of the University of Michigan.

I am about to go into the great

wide world to earn my living.

I am a Christian and I am a

member of the University of

Michigan. I am about to go into

the great wide world to earn

my living. I am a Christian

and I am a member of the

University of Michigan. I am

about to go into the great wide

world to earn my living. I am

a Christian and I am a member

and about the anvil. Then he turned

to his friends and said: "Now I am

leaving you. I am going to

earn my living. I am a Christian

and I am a member of the

University of Michigan. I am

about to go into the great wide

world to earn my living. I am

a Christian and I am a member

of the University of Michigan.

I am about to go into the great

### JUST HOW TO ROAST BEEF.

Wipe the meat perfectly dry and

tie firmly into shape with clean

white string, or use a skewer. Have

the oven very hot for the first few

minutes, then reduce the heat to the

oven, above all avoid putting any

water in the dripping pan. After it

has been in the oven about six or

seven minutes, baste with salt

and pepper and flour, being careful

not to get any in the pan, as it is

apt to burn. Then the inside of the

meat should be basted with

about one cup drippings. Baste thor-

oughly every eight minutes. Fre-

quently, if necessary, add a little

oil, or butter, to the drippings. If

you wish to avoid a dry crust. The

oven should be a good, steady

moderate temperature after the first

few minutes. The inside of the

meat will cook evenly. Allow, 12

minutes to the pound for rare, more

in proportion. Turn the pan around

the meat. The meat will be

roasted alike and turn it over

once, dredging as before. When it is

done, it should have a delicious

brown crust. The inside of the

meat should be basted with

about one cup drippings. Baste thor-

## STORIES OF THE PEACE.

### KITCHENER'S DEALINGS WITH THE BOERS.

Some Interesting Incidents of the Negotiations Prior to the War's End.

Undoubtedly one of the most exceptional features of this exceptional war against the Boer Republics, or perhaps of any struggle ever recorded in the pages of history, has been the manner in which the vanquished side has accepted the terms of peace. As a correspondent of the London Express writes:

"Low, then, it is possible for any of the most lauded intelligence further to maintain that the peace of South Africa has brought to the Boer Republics a new era of peace, and that the Boer Republics have been the victors in the struggle."

How much of this happy event is attributable to the peace of South Africa? Lord Kitchener is now becoming manifest, and touching this I am able to adduce the extremely interesting testimony of the Boer leader who was placed in close touch with the Boer leaders during their negotiations with the Commander-in-Chief.

"They were no ordinary qualities which stirred the phlegmatic and recalcitrant Boers to a display of wild enthusiasm in the hands of the man who had borne down their resistance in the field. Stern as he had been to them, generous and chivalrous bearing in the hour of his final triumph exerted a powerful influence upon their ultimate decision to have done with war."

KITCHENER'S WAY.

The officer referred to above had many conversations with the Boer leaders during the period of the late negotiations, especially with De Wet and Delany, who were the mainstay of the Boer resistance.

General Delany described one of his interviews with Lord Kitchener in which he made an earnest endeavor to obtain an armistice during the progress of the negotiations. "I told him," said Delany, "that I considered it extremely unfair for his columns to gallop about the country after we had been so long in the field."

"It was no good, though," continued the Boer general. "Kitchener turned to me and said, 'You are not aware that anyone asked you to do this?'"

"General Delany, I am not aware that anyone asked you to do this?"

### SAID A CASE OF ST. VITUS' DANCE COULD NOT BE CURED.

Called One Day and Found the Patient Ironing and Learned That Dr. Williams' Pink Pills Had Succeeded Where Other Medicines Had Failed.

The sufferer from St. Vitus' dance, even in a mild form, is much to be pitied, but when the disease assumes an aggravated form the patient is almost as helpless as an infant, and has to be watched with as much care as St. Vitus' dance is a disease of the nervous system, and for this purpose there is no other medicine in the world as good as Dr. Williams' Pink Pills for Pale People.

A statement is found in the cure of Miss Louise Luffman, whose home is at Pouchers Mills, Ont., who was cured by these pink pills. "The doctor had failed to benefit her in the least. The young lady's mother told the story of her daughter's illness as follows: 'I do not think it should be anyone could be afflicted with a more severe form of St. Vitus' dance than that which attacked my daughter Louise. Her body was so weak that she would twitch and jerk, her face was drawn and finally her left side became numb as though paralyzed. Two doctors attended her, but their treatment not only did not help her but she grew steadily worse. Her tongue became swollen, her speech thick and indistinct, and she could neither sit still nor stand still. She could not hold anything in her hand and it was necessary to watch her all the time as she would injure herself. The doctor who attended her told me she would never get better, and it was then that I decided to try Dr. Williams' Pink Pills. After she had taken two boxes we could see an improvement in her condition. Her appetite improved, she could sleep better, and her legs were less severe. From that on there was a marked improvement in her condition, and one day the doctor who had said she would never get better called while passing and found her ironing—something she had not been able to do for months. I told him it was Dr. Williams' Pink Pills that was curing her and he said, 'Well, I can't cure her, but continue the pills, they will cure her.' She is now an all right, or ten boxes, and is now as healthy a girl as you will find anywhere, and she has not since had a symptom of the disease."

If you are weak or ailing, if your nerves are tired and ailing, if your blood is out of condition, you will be wise to use Dr. Williams' Pink Pills, which are an unfailing cure for all blood and nerve troubles. But be sure you get the genuine, with the full name on the wrapper, Dr. Williams' Pink Pills for Pale People, on the wrapper around every box. Sold by all medicine dealers or sent post paid by writing direct to the Dr. Williams Medicine Co., Brockville, Ont.

At a small social gathering recently the talk upon the momentary well-worn topic, mother-in-law. One of the party, Mr. Z., who is himself not the most amiable of men, indulged in a good deal of cheap sarcasm at the expense of the ladies in question.

"Nevertheless, gentlemen," he concluded, with a superior smile, "you will scarcely believe it, but the fact is I lived five years in the house with my mother-in-law and we never had a single quarrel. What do you think of that?"

"I think," said a dry old Scotsman who was present, "I think that it speaks well for your mother-in-law, ma man; and Z., subsid, could manage laughter."

## A HEROIC LIFE.

WITH AN EYE SINGLE TO THE GOOD OF HER FELLOW-MEN SHE TOILED.

The Story of Eliza H. Varney, of Bloomfield, Ont.—Spent Many Years in a Service of Specially Suffering People.

Ministered to Their Physical as Well as Spiritual Wants.

Bloomfield, Ont., July 7.—(Special)—Our community board of having within it one of the most devoted Christians who ever lived in the world's vineyard.

Owned and blessed by God, this self-sacrificing heroine and her husband, since deceased, spent many years of faithful pastoral work in different parts of the continent.

Elizabeth H. Varney, relict of the late Dr. H. Varney, is now 72 years of age, and is living in quiet retirement here. She is a member of the Society of the Old Orthodox Friends and this simple peace-loving society never had a more humble or more worthy member.

It is of her work among the Doukhobors in our own Canadian Northwest that she loves most to speak, and many and vivid are her recollections of this peculiar people. One of the greatest difficulties this devoted woman had to contend with was disease among her poor people. To cure them she used to go about ready that she was unfeeling as her own charity—Dodd's Kidney Pills were the weapons she used to drive out disease.

Some years before she had tried and proven the value of this great medicine in her own case when threatened with dropsy and suffering with Rheumatism. They had completely restored her, and when she found that the prevailing trouble among the Doukhobor people was Kidney Disease and Dropsy she knew that Dodd's Kidney Pills would be her most valuable aid in her good work.

She tells of one poor young woman among this people who was suffering so severely with the Dropsy that she was terribly distressed over and over and over to her bed. The Lady Missionary left a box of Dodd's Kidney Pills and immediately sent for three more boxes.

She was rewarded for her efforts by the complete recovery of the young woman.

Dodd's Kidney Pills have received this worthy woman's most emphatic endorsement.

A Cure for Rheumatism.—The intrusion of uric acid into the blood vessels is a fruitful cause of rheumatic pains. This is the case with the Doukhobors, who are afflicted with this disease, and as thoroughly as possible, they may mean disaster. Parmentier's Vegetable Pills will be found a most valuable and effective medicine to assist the sufferer with their attack. They go at once to the source of the trouble and work a permanent cure.

Their action upon the kidneys is pronounced and most beneficial, and by restoring the normal action of the urinary system, they cure the disease.

McGraw, C. C. Richards & Co. Dear Sirs,—While in the country last summer I was badly bitten by mosquitoes, and I thought that I would be disgraced for a couple of weeks. I was advised to try your Liniment to allay the irritation, and did so. The effect was more than I expected—a few applications completely curing the irritation, preventing the bites from becoming sore. I have, however, in this issue, a good article to keep of the mosquitoes.

Yours truly, W. A. OKE, Harbor Grace, Nfld., Jan. 8, 1898.

Do Not Delay.—When, through debilitated digestive organs, poison finds its way into the blood, the prime consideration is to get rid of it as rapidly and as thoroughly as possible. Delay may mean disaster. Parmentier's Vegetable Pills will be found a most valuable and effective medicine to assist the sufferer with their attack. They go at once to the source of the trouble and work a permanent cure.

Beware of Ointments for Catarrh that contain Mercury.

As mercury will surely destroy the sense of smell and cause the sufferer to lose his power of smelling, it is a dangerous remedy when entering it through the mucous surfaces. The only safe and reliable remedy for Catarrh of the Bladder is Parmentier's Vegetable Pills. Their action upon the kidneys is pronounced and most beneficial, and by restoring the normal action of the urinary system, they cure the disease.

He Has Tried It.—Mr. John Anderson, Kilmarnock, I. V. I., writes: "I have tried your hair restorer, and have received great benefit from the use of Dr. Thompson's Hair Restorer. I have used it for several years, and have recommended it to many of my friends. It is a most valuable and effective remedy for the cure of all hair troubles. It is sold by all druggists and chemists."
