Trout open

Word spread rapidly through the fishing fraternity last weekend that "unofficially" the trout season would open New Year's day. Now it's official. Lands and Forests Minister Rene Brunelle has announced a January 1 to September 30 season for speckled, brown and rainbow trout in the Tweed district.

With ice on county lakes the fishermen after "reds" will be out in force. Snowmobiles are the popular transportation, especially for the "secret" lakes away back.

Centennial windup in McNab

A night of jolly and care-free fun, complete with noise-makers, paper hats and what have you, rang out centennial year for the historic township of McNab.

Members of the township council, the centennial committee, and the school board, with wives, husbands and guests gathered in the banquet room of the Hotel Madawaska, Arnprior, Friday evening, to enjoy a sumptuous smorgasbord dinner and "fun night", marking the

wind-up of their part in Canada's year-long birthday party. Head table guests were piped to their places by piper Jack MacMillan. Renfrew, who had been on hand to lend the stirring notes of the pibroch to many township events throughout the past year. Committee chairman Mrs Verna Campbell, acting as toastmistress, touched, on some of the outstanding centennial projects and called on various "VIPs" for greeting and comment.

Highlight of the evening was the presentation to Alex Stave, popularly known as the committee's "Big Chief", of a beautifully engraved plaque, naming him as "Citizen of the Year". Presentation was made by Ray Chamberlain, dubbed the "Little Chief", who read an appropriate scroll in Mr Stave's honor. Retiring reeve George McLellan was also honored with a gift from the centennial committee members, presented by Wilfred O'Donnell, and Mrs Campbell was the recipient of a memento copy of "The Kinsmen", a biographical novel of early township history in the days of the famous "Last Laird". The book was donated by Harry Hinchley, Renfrew.

and presented to Mrs Campbell by Mrs J A Young. Music and dancing rounded out an informally gay evening and a memorable year.

Flying Officer John David of Renfrew, now stationed at CFB Zweibrücken in West Germany, is having a rough time in Europe. On a recent mission he was detailed to escort Miss Canada, Carol MacKinnon, for four days. The beautiful miss was touring with a CBC Christmas show.

F/O David's "duties" have prompted expressions of sympathy from several of his close friends, now married.

NEWS BRIEFS

A very rare bird (for these parts) was sighted near the Bonnechere River Sunday by Dr D B Guest. He identified a mockingbird feeding in wild shrubs. The mockingbird is seldom seen north of the Great Lakes, does not migrate and is usually associated with the south.

Rev Sister Edana, just returned from 3½ years' mission work at Chischa Alta, Peru, will show slides at St Michael's Parish Hall in Douglas, Sunday at 8 p.m. Sister Edana, a native of Douglas, is going back to Peru next month.

Petawawa curlers downed Cobden and Renfrew schoolboys to move into zone 2 finals against Perth. The rink skipped by Peter Lobb of Petawawa beat George Cox of Renfrew 10-5. Curling with Cox were Andy Fraser, Bob McGregor and Richard Lamourie. The Renfrew schoolboys downed Arnprior in an earlier game 12 to 3.

The holiday season was a safe one on the highways in the Renfrew area with very few accidents being reported and none of them involving injuries or heavy damage.

Some beautiful displays of Christmas outdoor lighting were to be seen in all parts of town but robbers of colored light bulbs (and in some cases, white strings) were once again on the job.

The mercury dipped to 20 below zero Monday night but at least one woman braved the cold Tuesday and could be seen on the roof of St Francis Xavier church which is under construction. Light snow over icy road surfaces made driving hazardous on town streets.

The first boy to arrive at Victoria Hospital in the new year was born to Mr and Mrs Noble Esdy, RR 5, Renfrew at 8:25 p.m. January 1.

Two lads rang the bell at the United Church in White Lake to usher in the new year but they put so much vigor into it that the bell flipped over. For the time being, it is silent.

Legion Pee Wees win Silver Stick tourney

Renfrew Legion Pee wees won three hockey games last week for top honors in 14 Buckingham "A" tournament.

by Mike Dunlop

As one with had never in a week heart should never have been in the Buckingham arena Tuesday as seven hockey games were played in the Pee wee tournament and six of these games were decided by one goal and three games went into overtime.

Score of games during the day were: Buckingham 5, Carleton Place 1, Smiths Falls 3, Thurso 2, Renfrew 5, Gattineau 4, Arnprior 3, Shawville 2, Renfrew 5, Buckingham 2, Arnprior 1, Shawville 0, Renfrew 5, Arnprior 1.

The Renfrew Legion team

will now have to meet the Ottawa AA winners in a home and home series for the silver stick trophy with both teams going to Port Huron, Michigan in early February for the silver stick hockey finals.

The Renfrew games followed:

Renfrew 5, Gattineau 4:

Renfrew took a 5 to 2 lead after two periods and held on for the victory as they had to kill off all four penalties called in the game. Don James scored the first goal on a pass from Mark Wilkins; James got the second goal on a pass from Don Reid; James got the third goal on a pass from Earl McPhail. James got the fourth goal on a pass from Wilkins and McPhail and then James with his fifth goal of the game on a pass from Wilkins. The referees stopped James in the last period as he picked up two cheap penalties, as this game was poorly refereed.

Renfrew 5, Buckingham 2:

Renfrew only had a 2 to 1 lead after two periods, but exploded for three goals in the third period for an easy victory. Hugh Rahm got the first goal on a pass from James; Wilkins got the second goal on passes from James and Rahm; Wilkins got the third goal on a pass from Rahm; Wilkins got the fourth goal on passes from McPhail and Rahm; then Rahm got the fifth goal on passes from James and Wilkins. Only two penalties were handed out in this game, one to each team.

Renfrew 5, Arnprior 4:

This was a game that both teams had won and then threw away as they could not hold lead with time running out.

Renfrew got the first goal with McPhail scoring on a pass from Rahm. Arnprior took over and led 2 to 1 after two periods and held this lead until five minutes from regulation time when Renfrew struck for two quick goals with Wilkins getting the second goal from Rahm and James; then Rahm scored the third goal on passes from James and Stuart.

Arnprior tied the game up with a minute and a half left and then in the 10 minute overtime period Arnprior took the lead at the three minute mark. The clock was fastly ticking away with only a little over a minute to go when James struck on passes from McPhail and Rahm; and then with 50 seconds to go Wilkins won it for the locals on passes from James and McPhail. This was a thrilling one to win but a hard one to lose.

Even though winning the Renfrew Legion team can play better than they did on this day and the Renfrew coach was disappointed in the play of many boys as they will have to play better in the tournament in Port Huron. Although not getting any points Mike Gray was the best defensive player the locals had on the day. Don James of the Renfrew Legion team was chosen best forward on the A and AA class of 16 teams and will receive a beautiful trophy. Don scored 6 goals and had 6 assists for 12 points in the three games.

The Kurth's telephone was out of order and the house was all ablaze when it was noticed by a neighbor who called the Douglas volunteer fire department. However, there was little the men could do when they arrived at the scene.

The two-story house had recently been renovated by the Kurths. The fire is believed to have started behind a new stove. Mr Kurth and his 24-year-old son were at the barn when the fire started about 8:30 a.m.

Selle-Wilson vows exchanged in Zion United Church, Douglas

Miss Barbara Wilson, daughter of Mr. and Mrs. Roy Wilson, became the bride of Ralph Selle, son of Mr. and Mrs. Wesley Selle of Cobden in a candlelight service at Zion United Church, Douglas, December 16. Rev. E. Horton, officiated at the double-ring ceremony. The organist was Betty Selle and Jimmy Wilson. Kenly and Kenny Selle sang appropriate hymns. Ushers were Wayne Selle and Emerson Leech. Given in marriage by her father, the bride wore a floor length gown of white tulle with a lace bodice, chapel train and lily point sleeves. A crown headpiece of silk flowers held her four tiered tulle veil and she carried a cascade of American Beauty roses.

The attendants were Miss Dorothy Wilson, the bride's sister, Miss Colleen Mulvihill and Mrs. Bob Price, the groom's sister. They wore identical dresses of forest green velvet fashioned in the empire style with double bows of moss green peau de soie falling from the waist. Matching headpieces and bouquets of white carnations completed their costumes.

The best man was Eldon Leech. Following the ceremony a wedding dinner was served to 35 guests in the church hall. The bride's mother received a tide green lace dress with black accessories and a corsage of gold chrysanthemums. The groom's mother wore a teal blue silk dress with black accessories and a corsage of white carnations.

An evening reception was held at the Bayview Pavilion, Cobden. Following a honeymoon trip to Windsor and Kingston, the young couple will reside in Douglas.

Prior to her marriage the bride was honored at a miscellaneous shower given by Miss Colleen Mulvihill of Renfrew, and a pre-wedding party and shower given by Mr. and Mrs. Cecil Gilchrist of Cobden.

The Admiral by Martin Danner

This is the searing story of the nucleus kind of officer the navy apologizes for in training and promotes in service. A novel of the sea and human pressures of World War II. The navy was desperate for officers who had to win at whatever cost. Captain Page was that kind of officer. His devotion to duty and philosophy earned him a coveted command of a cutter then promotion to admiral. By that time the cost was more than a man can be expected to pay and the navy included the only people who cared deeply about.

Woods, waters and wildlife

(By James Woodford, Federation of Ontario Naturalists)

Conservation is concerned with the quality of life—both human and animal—and the quality of the environment. Conservation is neither an art nor a science, but a doctrine. It includes the attitudes and practices we approve for the intelligent management of our natural resources. The late Aldo Leopold described it as "... a state of harmony between men and the land."

Ontario faces a conservation crisis surpassed in North America only by California and one or two of the eastern States. Pollution of air, water and soil, severe shortage of land for outdoor recreation, uncontrolled urban sprawl and disappearing wildlife are some of the major problems confronting Ontario.

Ontario is Canada's most affluent province, the Department of Economics and Development proudly proclaims. But, one of the most important questions facing us today is whether we are rich enough to afford conservation management and maintain a livable environment.

An environment of even the standard of today, which is far from adequate, according to the Federation of Ontario Naturalists, will require much more than dollars — although we must not underestimate the economics of conservation. It will require political and socio-economic knowledge. It will require the wisdom and will to do what needs doing. It will require the realization that there are no single resources, only resource complexes. Finally we must learn that all things are linked by actions in the continuous web of the ecosystem. North Stars play Sunday

The Moscow Selects and the festive season combined to bring about a long and unwanted lay-off from competitive action for the Renfrew North Stars. The North Stars were slated to play in Brockville last Sunday in their only scheduled Ottawa District Hockey League encounter during the Christmas-New Year period. However, the Canadian tour of the Selects arranged by the CAHA called for the Russians to meet Morrisburg-Brockville Combines on January 31, thereby causing the latter's game with the North Stars to be postponed to a later date. Efforts to line up exhibitions

contests for the locals during the holidays proved unsuccessful owing to the fact there are no senior teams in the district other than these in the league.

The North Stars, still smarting from their loss to Shawville on December 22, return to the ice on Sunday when they take on the league leading Combines from the St. Lawrence River front. Game time is 2:30 at the Community Arena.

Bromley

Mrs. Charles Francis returned home Saturday from Western Canada where she had spent several months visiting Mr. and Mrs. Keith Francis and Mr. and Mrs. Malcolm Scott.

It was with regret that friends learned of the passing of Mrs. William McLeod, affectionately known by all as "Aunt Minnie". She died at Kirkland Lake where she lived with her son-in-law and daughter, Mr. and Mrs. William Barr. The funeral was held at Cobden on Thursday. The sympathy of the community is extended to Mr. and Mrs. Barr and family.

Mr. and Mrs. Ray Forrest were Christmas visitors with Mr. and Mrs. E. C. Halliday and family of West Hill.

Visitors in the community during the holiday season were:

Mr. and Mrs. Allan Stokes and family of Cornwall with Isaac and Arthur Stokes.

Mr. and Mrs. Charles Kuhnke, Douglas, Mr. and Mrs. Miles Stoughton, Oshawa, Mr. and Mrs. Kenneth Kuhnke and Betty Ellen of Bowmanville, Mrs. Della Mills, Scarborough, Mr. and Mrs. Ross McLaren and sons and Miss Edith McLaren of Ottawa with Mr. and Mrs. James McLaren.

Mr. and Mrs. Malcolm McLaren, David, Jonanne and Bobby spent Christmas with Mr. and Mrs. Gordon Gilmore of Haley.

GLASGOW WI

Carol singing, Christmas readings, the packing of slanting treats for "shut-ins," and a visit from Mrs. Santa Claus combined for a delightful evening on the occasion of Glasgow Women's Institute's December meeting. With Mrs. R. A. Stewart as hostess, the attendance was swelled by a number of guests as well as regular members.

Mrs. W. K. Hamilton, public relations officer, conceived the program, which included plenty of music and the singing of well-known Christmas songs. Three of the younger folk, Misses Anne Carwell, Kathy Stewart and Sharon Forrest, contributed musical numbers, and a contest on Christmas songs, prepared by Mrs. A. Carwell, was much enjoyed.

A poem "The wonder age" was contributed by Mrs. R. A. Stewart, and Mrs. W. K. Hamilton read a unique "Christmas Diary," an account of a lifetime's joys and tragedies, kept by a pioneer of "The Queen's Bush" from 1860 to 1900.

A laugh-provoking reading, "Getting ready for the Institute," was given by Mrs. A. Carwell, who also passed around a sample of a centennial cake which had come from British Columbia, and was said to be the largest cake ever made in Canada — ten feet high.

An interesting report of the

fall board meeting for Renfrew South was given by Mrs. Elvira Gahan, district director, following which some discussion was held on the matter of serving tea at the Renfrew fair.

At the close of the program an unexpected visitor appeared in the person of "Mrs. Santa Claus," handsomely dressed in centennial costume, who filled in capably for the well-known saint by distributing gifts from a beautifully-decked Christmas tree.

Refreshments were enjoyed later in the evening, and boxes of cheer packed for the elderly and shut-in of the community.

NEW POSITIVE DRUGS REPLACING OLDTIMERS

Each new year has brought us new drugs
which differ greatly from the guesswork
ingredients of past years. It is difficult to realize
that less than a hundred years ago, you could
count on your fingers the known drugs which
could be depended upon to give a positive medical
result.

Now the multi - ingredient, hope they work,
mixtures are rapidly disappearing. We have
single ingredient medicines which can positively
cause a desired result. We have drugs which
raise or lower blood pressure. Others permit
a diabetic to live a normal life. We can fill
any prescription.

YOUR DOCTOR CAN PHONE US when
you need a medicine. Pick up your prescription
if shopping nearby, or we will deliver promptly
without extra charge. A great many people
entrust us with their prescriptions. May we com-
pound and dispense yours?

Meetings

KIWANIS and KIWIVES

A gala Christmas party was held on December 11 when the Kiwanis Club played host to the Kiwives Club at the White House.

Highlighting the evening was the presentation to the Kiwives of an attractive presidential gong, a gift from the Kiwanians. This was presented by president Gerry Menie, as he extended best wishes

from his club. Kiwives president Mrs. Gerry Menie found this a fitting time to present the Kiwives Club with a cheque for \$200.00 on behalf of the Kiwives, to assist Kiwives in their community service.

A visit from Santa Claus and a buffet lunch were enjoyed before the evening's end.

LCW

The home of Mrs. Nona Thom, all decorated for Christmas, was the place for the December meeting of the Ladies' Club of Women with 14 members in attendance. The meeting was called to order with a prayer by the president.

The program for the evening was in charge of Mrs. Elleen Thom, the theme of Christmas brought out by several readings given by the ladies and after each reading the group joined in singing a Christmas carol.

A letter on leadership was read by the president and it was decided to have this as a topic at the January meeting. The offering was sent to the synodical unit as a special centennial gift offering.

A prayer closed the meeting, a delicious Christmas buffet lunch was served by the hostess and a social hour was enjoyed by all. A Christmas present went to Mrs. Albert Jacobi who had the lucky cup at lunch.

Welcome New Year

One of the blessings of 1968, we hope, will be an end to the blare and blat of publicity about Centennial Year urging us all to enjoy the celebration of 100 years as a nation.

There's nothing wrong with a birthday but we get tired of being told to whoop it up. John Fisher, who had the unenviable job of whipping up Canadian enthusiasm, says it was the biggest, most imaginative birthday party the world has ever seen. Horse-radish.

"A wonderful year passes into history" says the headline. For publicity it was a wonderful year; for writers and broadcasters who ground out the cheery, starry-eyed messages about Canadians never being the same again, it was stupendous. How about you? Did you hear church bells ringing, ring? Did you dance in the streets, set off firecrackers? Take a month's holiday? Or did you get the feeling that Big Brother in charge of recreation was bouncing around trying to whip up enthusiasm and fill us all with gobs of national pride?

A good many people enjoyed the sights and sounds of Expo 67 but was this where "Canadians Started Talking to Each Other"? If you went to Expo, did you suddenly start talking to other Canadians and discover what a wonderful country this really was?

We get the impression that all these propaganda publicists think 20 million Canadians lived dull, unhappy lives — not speaking to each other and ashamed of their country — unaware of any achievements and just needing Bobby Gimby's horn and the Centennial Train to wake up.

Welcome 1968. Now we can put away the toys.

Politics

To catch up on some political happenings over the year end, these comments from our hindsight editor, Prime Minister Pearson's announcement of retirement was in keeping with his character, simple and tasteful. He is not the type of man to go out of office with pomp or vanity. There are some reservations about his leadership but he will go down in our history as humanitarian, honest and good. He is not admired by those who think a leader should be superhuman.

Our member of Parliament, the Hon Joe Greene, is named as one of the possible candidates to seek the leadership of the Liberal party. Mr. Greene, in his wisdom, will make the decision to try. We would be less than honest if we said we thought he was

in the front rank of candidates — home riding newspaper or not. There are cabinet ministers who stand a better chance. Currently our guess is that Mitchell Sharp will be the PM. Pierre-Elliott Trudeau, Minister of Justice, is an unlikely choice as Prime Minister now because of his age, experience and French-Canadian ties. But we think his vote-getting potential is high.

Stanfield and Sharp both represent security, don't they? A coalition government would really only break tradition. There isn't much difference between small "l" liberals and small "c" conservatives.

Quotas

Agriculture Minister Joe Greene is optimistic about the ability of Canada's dairy industry to adapt to eventual self-support. The government is basing its policy on supporting only the milk production that the country can use. The outcome should be a smaller but more efficient number of milk producers. Too many manufacturers in any field produce too much competition — the market just won't support everyone with cows and the farmers who don't produce seriously can't and won't be able to remain in business.

Most farmers really want to get away from subsidy operation. In effect it is the consumer who is being subsidized. Food products in general cost less than they should in relation to other, less vital, consumer goods.

Fewer dairy farmers eventually meet the market demand for milk, unsubsidized, is a good objective. But Canada cannot arrive at that point overnight. Although we no longer have the same problem of surpluses, too drastic a change in dairy policy could hurt the long term need for a healthy dairy industry. A healthy dairy industry will come when a competitive efficient dairy farmer makes a good healthy income.

Not discarded

Finance Minister Sharp's efforts to curb inflationary tendencies by imposing additional income tax and taxes on tobacco and liquor were not greeted with applause.

They are considered nuisance taxes and because they put demands on Mr. Average's pocket book, are thought to be inflationary. They may well be. Leave a man less to spend and he will seek more to replace the lost.

Mr. Sharp was also accused of catering to big business because he set aside Carter Commission tax re-

A Reporter's DIARY

by Winnie Nute

It's New Year's Day and an appropriate time to be wishing all of you a happy New Year. After all, if you're happy, you have all that matters.

This day is always a particularly happy one for me. All the worries of getting Christmas work away, presents bought and wrapped, the tree up and decorated, meals planned and cooked — they're all over and done with. Get the tree out, Christmas things put away, the house cleaned and back to normal and brace yourself for the three months of winter that are dawning in the new year.

One of my first tasks will be to write friends who live in Florida for five months of the year (guess which way?) and decline with regret their invitation to spend a week with them any time between now and the first of April. I will ask for a rain check and start planning now for a week in 1969. Florida is a beautiful place and the first week in April shouldn't be hard to take.

For the benefit of those beyond listening range of CFRA and also those who didn't hear the program (which includes me, I guess shopping), I'd like to tell you about Lowell Greene's Christmas mus which he related on the Notebook program and I heard second hand.

His mother-in-law had given his children some sort of a musical "7" contraption which the kids loved but nearly drove poor Lowell up the wall. He bought his wife a dishwasher for Christmas and she arrived Christmas Eve. He attempted to install it and there were parts missing and he flooded the kitchen floor and one can imagine the mood he was in when he finally got it to work. A fire started somewhere in the house and they had to call the fire department. No great feat, I understand. He had bought a new (I'd better play safe and call it a motorized toadigan in case the manufacturer were to sue us) and his sister-in-law and two children took it out Christmas Day. The throttle stuck

and the machine went out of control, the occupants were thrown out and injured; the machine hit something and was wrecked.

Then their Samsonite (a very expensive brand of bag, are you?) disappeared. She was due to have pups any minute and they were frantic.

The neighborhood was searched but they finally found her under the foundation of their own house which meant damaging the foundation extensively in order to get her out. Lowell had paid \$15 to have her bred and he consoled himself by looking forward to the litter of puppies. When the family got out the dog, she had indeed given birth — but not to tiny puppies, worth their weight in gold. She had produced five small brown balls of fluff closely resembling the collier dog's head.

There were some comments from callers to the Green Line but long recall was from a woman who said that her husband, after listening to the recital of events, said "You know it couldn't have happened to a nicer guy."

Lowell runs a hand-damming business — both on the Notebook and the Green Line. At all he'll have to learn to accept the same treatment I'm sure he already has.

How was my Christmas? Quiet, as always. No big family dinner at my house this year but we all saw each other on several occasions over the holiday season. I went to Ottawa the day after Boxing Day and stayed until Friday. Stayed with Ian and Mary and their 14-month-old treasure, Elizabeth. Had dinner and saw color television (the first time, honest!) and the Tonight show at Wayne and Suzanne's on Thursday night. Shopped at the St. Laurent Shopping Centre Friday morning — it's a dream — and home in the afternoon. Suzanne, Wayne, Kevin and Monica came up on Saturday and stayed until Monday. I baby-sat New Year's Eve while the parents went dancing. Didn't watch or listen to any of the New Year's Eve specials. Went to bed at 11:30 and awakened on full of vigor and zest for 1968.

May it be a good one for us all.

commendations and because he didn't increase corporation taxes, Mr. Sharp reads the stock market as well as anyone else and the last thing he wanted to do was shove business and investment confidence lower than it is.

In all likelihood we will eventually see many of the Carter Commission recommendations come into tax legislation. Not all at once, but bit by bit the basic ideas suggested for tax reform are bound to be accepted. Such items as paying taxes according to means, some taxing of capital gains,

some form of taxing families as units and even that of considering all forms of revenue as income for tax purposes, stand a good chance of being eventually accepted as logical.

Present tax legislation in Canada is described as hodge-podge, discriminatory and in need of wholesale changes. The Carter Commission findings have been damned and praised; for the moment they appear to have been discarded. But five years from now there may be much more Carter in tax laws than we are led to believe.

Editor of The Advance,

The Pembroke and Area Economic Council (Airport Committee) has requested a further \$8,000.00 for the airport at Browns.

This request has been referred to the Publicity Committee of 1968.

County Council had expected some money from the Department of Transport which made a study of the facilities in Renfrew County. The Pembroke area needs are well met by Bonnechere and Browns airports. It is a waste of the taxpayers' money to buy an airport, let us continue to use the present facilities and be glad they are there.

Let's have a look at the present facilities in the area. Bonnechere is only a short 25 minute drive from Pembroke, two new bridges have been built and the road is being reconstructed. There is one hard surfaced runway, 6,000 feet long and 200 feet wide. It is equipped with rotating Beacon, Medium Intensity Field Lighting, Radio and Meteorological Aids, etc. Aviation fuel and oil are available at reduced charges. A small fee, in many cases more, is charged for landing, overnight to slown and storage facilities. Browns' field is quite adequate for the small planes that land there. There are only a few who use the field in comparison to Bonnechere.

"Air Service Vial to Renfrew County" says the Pembroke Observer; but we already have a vital, efficient air service. Permit me to list a few of the air services that use the facilities in the Pembroke area alone: e.g., Ohio Steel Foundry, Commander Aviation, Executive Air Quebec Ltd., Altkine Aviation, Otter Air Helicopter Services, Duplate of Canada, Mallard Ltd., Royalair, Peninsular Air Service, Wheeler North Land Air Ways, Maple Air Services, Columbia Trading Co., etc.

No municipality has to buy an airport, just let the pilots use the present facilities that are available now and will continue to be available in the future.

Many municipalities around Pembroke are realizing the expense to buy Browns or any other airport.

The Pembroke paper says that we will not have an air carrier in this area if Browns

Welcome to '68

Well, to get off to a profound start, we're all a year older than we were when we entered 1967.

As usual, there are exceptions to the rule. Some of us weren't born until June, and are only six months older. Others, after the Dionysian rites of New Year's Eve, are eight years older.

But count your blessings if your bursts, your blood pressure and your belly are not hurting more, or more, or sticking out more.

And count some more if you've made a friend, had a thrill, done one good thing, loved somebody, and stayed out of the clutches of the boss with the strait-jackets.

I've managed to do all these things, these simple things, and feel that this makes up, in some measure, for the fact that 1967 was probably the most harassing year of my entire life.

The last year has been one of those nightmares in which you only realize you're awake when you pinch yourself and it hurts. And when you pinch yourself and it doesn't hurt, it means only that you're so numb you can't feel.

My first-born quit college and went on the bum, the bum, Mexico, New Orleans, Montreal, Expo and now New York, where he's studying acting. My brown-eyed baby, to whom I once told bitter stories about Maudie, Uncle-Charlie and others, hates school from the depths of her

son and waits to go away and become a waitress and LIVE. My wife is a kept woman (kept by me, I might add) in the city, and when I do see her, wants to talk until 4 a.m. about Nietzsche, Schopenhauer and a lot of other people I can't even pronounce, let alone spell.

Sometimes I feel like crying, bursting into tears, and letting the drips fall where they may. But I can't. The floor has just been polished. And somebody has to take out the garbage, and drive the cleaning lady home.

But, as you can see, there's something cheering about the whole thing. There's no place to go but up.

Maybe Hugh will become a famous actor. Maybe Kim will become a waitress who doesn't have her thumb in the soup. Maybe the Old Lady will become normal.

And, who knows, maybe this is my big year. Maybe I'll break 100 in golf? Maybe I'll write the Great Canadian Novel? Maybe I'll get my Christmas tree to stand up?

Thus, hope springs eternal in the human breast. One milestone nearer the grave, but also a milestone passed in the effort to live life with dignity, humor and love.

Perhaps you don't like these three terms. Perhaps you'd prefer rectitude, righteousness and religious observance. Intelligence and integrity, for example.

I like mine because they're more difficult. I find it extremely hard to be dignified, no matter how I try. It's almost impossible to retain a sense of humor when you have rotten Keds. And it's extremely difficult to love. Truly and without qualifications.

This is all very abstract. Let's get down to concrete examples. Have you ever tried to be dignified while performing a living tackle at your daughter in the snow in December? Or while your husband goes for good, at midnight?

Have you ever tried to retain a gay sense of humor when your home town has elected a mayor for Christmas? Instead of the crack you confidently expected a bottle of shaving lotion? (Some people can drink it, I can't.)

Have you ever tried to love someone with bad breath, a constant sniff and dirty fingernails, but who is financially a good, dull person?

Alas, well, the hell with it. It's another year. Once a square, always a square. And all three members of my family agree that I'm the perfectly rounded square they've ever met. But I'm trying to become at least a parallelogram in '68. And the same to you.

After car radio first appeared some 25 years ago the Ontario Safety League was asked to consider whether they would add danger to the roads, by distracting drivers. The League made a study and reported it could find no evidence that a car radio constituted a hazard. Since then it has come to be accepted that intelligent use of a car radio can help a driver; it provides weather and traffic information, and helps to avoid the danger that comes with boredom and drowsiness at the wheel. But if you carry a transistor set in the car, don't suspend it from the inside mirror. It's distracting. And it's illegal.
